## WORK EXPERIENCE

**RippleMatch, Inc**  
*Leadership Development Intern*

**August 2020 - Present**  
Gainesville, FL (Virtual)

Support the University Manager of RippleMatch, Inc., a website that allows entry-level candidates to automate the job search by offering custom company matching. Company partners with major employers including Dell, Pfizer, and Yelp.

- Selected as an intern from a pool of 1,000s of candidates to work closely with leaders of RippleMatch's Leadership Team to grow the brand and engage new users.
- Leveraged various growth strategies and tools including social media, email marketing, presentations, and peer and faculty member networking to grow the user base and awareness on campus.

**Theta 1 Investments and Securities, Ltd**  
*Analyst Intern*

**May 2019 - July 2019**  
Jerusalem, IL

Participated in an investment analyst internship abroad as a part of the Onward Israel program. Reported directly to the CEO of a small mutual fund specializing in technical analysis, alternative investments, futures, and options.

- Analyzed and developed investment recommendations for emerging technologies, including artificial intelligence within the medical sector, food technology, and solid-state batteries which introduced the portfolio to 3 new markets.
- Utilized MS Excel in authoring a summary document covering organizational mission, competitive strategy, current investors, and stock trend; presented findings/investment opportunities to CEO and Portfolio Manager.

## PROJECTS

**Summer 2020 Server Project**

- Rebuilt Dell server from 2009 for 4 terabytes of personal cloud storage and to train neural networks (use secure shell and remote desktop protocol to control).

**Summer 2020 Laptop Repurposing Project**

- Replaced Windows with Linux/Ubuntu on 5 laptops for friends and family to save over \$1500 on new technology.
- Turned LCD display from 4 laptops into monitors by pairing with a controller board to save \$500.
